WELCOME TO

AUSTRALIA'S NEWEST BASKETBALL LEAGUE, NBL1

The National Basketball League and Basketball Victoria are proud to create a new league to strengthen the pathway for Australia's best basketball talent.

**JEREMY
LOELIGER**
NBL CHIEF
EXECUTIVE

NICK HONEY
BASKETBALL
VICTORIA CEO

Tipping off on March 29, NBL1 will consist of 18 clubs across Southern Australia and feature both men's and women's teams. It will be played across 15 rounds and a four week finals series with every NBL1 game to be live streamed to bring fans closer to the action.

Inaugural franchises will be Albury-Wodonga, Ballarat, Bendigo, Basketball Australia Centre of Excellence (ACT), Dandenong, Diamond Valley, Eltham, Frankston, Geelong, Hobart Huskies, Kilsyth, Knox, Melbourne, North West Thunder / Launceston (co-licensees), Nunawading, Ringwood, Southern Sabres and Waverley.

NBL1 will be the premier league in Australia after the NBL and WNBL, showcasing Australia's best emerging talent and many other professional players. It will strengthen the pathway from the junior levels all the way through to the NBL, WNBL and, ultimately, the Boomers and Opals and develop the next generation of stars. Importantly, it will feature both women's and men's teams, and be a league all females and males coming through junior ranks can aspire to play in.

Australian basketball is booming at both the grassroots and elite level and NBL1 will be a premier winter basketball league that will continue to grow the game.

NBL1 is a fantastic partnership that will bring promotional and commercial opportunities covering both women's and men's basketball. The NBL has flourished in recent years and this partnership presents an outstanding opportunity to deliver a premier winter basketball competition.

This is another great example of Australian basketball working together to generate positive outcomes for the game and grow our great sport.

We wish everyone involved with NBL1 every success for our inaugural season and for what promises to be an exciting journey ahead.
